

## 12. LOLA MONTES SCHNABEL

"I like to paint the incredible faces I see in the subway," says the worldly eighteen-year-old Lola, who can easily drop references to New Orleans street music, Ludwig II of Bavaria, and pimples, all in a single breath. The recent St. Ann's graduate, who seems to have inher-

ited a creative streak from her artist dad, Julian, has just enrolled in college in London. Fabulous NYC moment: "I love to scavenge through garbage on Monday nights to find cool things to incorporate into my art. New York can be a hard city, but when you're in

love it turns so soft." (more Beauties page 9)

Lola Montes Schnabel wears a dress by Louis Vuitton. Hair: Pasquale Ferrante for Frame. Makeup: Lam. Fullilove for Frame.
