LOTS OF CUCUMBER SKIN
LOTS OF PEACHES WITHOUT THE SKIN
LOTS OF MINT

Prepare in tall glass full of Ice.

*When I was a little girl there were parts of the body that were never referred to by their real names.
For some reason they must always be referred to euphemistically. For instance, I did not have a vagina.
My grand mother called it a pimpim. So the secret ingredients in Pims is no secret to me.*
